Test suite for the 'Skills section'

Author:	Tetiana Prylepska
Overview:	This test suite checks the Skills section on the portfolio website.
	The section is on the home page after the 'About section' and before the 'Recommendation section'.
	The section contains two parts: a panel where the user can select an option (Soft skills by default);
	from the dropdown and a block with information that relates selected option(Soft skills by default).
	The information has to change if the value of the option is changed.
	The object of testing is the 'Skills section', URL: https://tetiana-prylepska-qa.vercel.app/#skills.
Preconditions	1. Access to the internet;
to testing:	2. The web browser (Chrome, Opera, Safari) is installed.
